PORTFOLIO LINK: [Professional Work](#) | [work](#)

Anand Singh Lourembam is a seasoned architect with over 22 years of experience. He currently holds the position of **Director of Architecture** for India and Bangladesh at **Surbana Jurong (SJ)**, where he leads business development, operations, project & resource management for the urban sector across India & Bangladesh. In Bangladesh, he played a pivotal role in building a multidisciplinary design team, spanning Architecture, Landscape, Structural, and MEP disciplines. His passion for technology and design has been a driving force in shaping his team's capabilities, fostering expertise in cutting-edge domains such as Augmented Reality, Building Information Modeling (BIM), and Parametric Design. This forward-thinking approach not only encourages innovation but also equips the team with the tools to deliver sophisticated, future-ready architectural solutions.

Anand is known for his collaborative leadership style, strategic thinking, and dedication to mentoring young talent. His contributions continue to shape the built environment in the region and strengthen Surbana Jurong's mission of building cities and shaping lives.
